by reason of a defective specification or drawing.							
X by reason of the patentee claiming more or less than he had the right to claim in the patent.							
by reason of other errors.							
At least one error upon which reissue is based is described below: If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:							
This reissue application is based on an error that the applicant and applicant's attorney failed to appreciate the full scope of the invention and thus claimed less subject matter than could have been claimed. The issued claims contain limitations that are not essential for practicing the broad teachings of the invention disclosed in the application. Thus, this reissue application is intended as a broadening reissue.							
In one example of this error, Applicant failed to fully claim the manner in which transmitted from a base station to a remote unit in the system. This error is an Examiner in a related application sharing the same specification. The Examiner in a related application sharing the same specification. The Examiner in a related application sharing of analog telephone signals signals for transmission over a digital transport link between a base antenna sites. (See, Notice of Allowance dated 10/17/1996 in US S However, in this related application, applicant failed to claim all the subject mallowable.
